10	Victaulic	Jonathan Carl	Fire Protection in Cannabis Growing Facilities	60 min	4-5pm (*)	<a href="#">SIGN UP</a>

**(\*) Next to time slot notes that there is a virtual option for this class**

All registrations will be online, individual for each class. We recommend signing up in advance of the expo to guarantee your spot as some classes will fill up.

Each in-person one-hour class will be: \$25 for CFPA members / \$50 for non-members / \$10 for AHJs / \$40 for virtual (no membership required)

To pay for multiple classes in a single credit card transaction, you can go through the registration for each class and at the end click "pay online" which redirects you to our credit card processing page. Instead of just paying for each class individually just hit the back button on your browser which takes you back to the main CFPA page and then you can add in registration for another class. You will see all of the classes in the list every time you hit the "pay online" button and you can pay at the end once you have them all there. Payment has to be made within 15 minutes or the class will auto cancel.
